

EDUCATION

ARMY INSTITUTE OF TECHNOLOGY (AITP)

AUG 2020

- **Bachelor Of Engineering in Information Technology** . CGPA : **8.12 /10**.
- Main coursework : Data Structures , Design and analysis of Algorithms , Object Oriented Programming , Database Systems, Operating Systems, Cloud Computing , Software Development Life Cycle.
- **Intermediate / XII : M.V Convent Inter College** . Percentage : **80/100**.
- **Matriculation / X : Kendriya Vidyalaya COD** . CGPA : **7.8/10**.

LANGUAGES AND TECHNOLOGIES

- Programming Languages – **C , C++ , Core Java** .
- Operating System - **Linux, Windows** .
- Database – **MySQL , Oracle , MongoDB** .
- Java Technologies – **Spring Framework , Rest APIs , JUnit , JWT , Streams , Lambdas** .
- Frameworks and tools – **GIT-SCM , Postman , Spring Boot , IntelliJ Idea , Docker** .
- Web Technologies – **HTML , CSS , JavaScript, React JS** .
- Portfolio Website – <https://mavelinn.github.io/portfolio>
- Knowledge Of – **Microservices , Apache Spark , Python , AWS cloud , Snowflake , Kubernetes, Thing Worx** .

EXPERIENCE AND PROJECTS

- **Baxter International Inc.** (April 2021 – Present , Bengaluru) – **Software Engineer I**
- **Blue Bricks Pty. Ltd** (Aug 2020 – Jan 2021 , Pune) – **Full Stack developer**
- **Sharesource - Cloud based Connectivity Platform** (March 2022 – Present)
 - Remote patient management which helps in connecting doctors and nurses to their home dialysis patients .
 - Doctors analyze patients data and according to that they assign the programs to the dialysis machine.
 - Worked on Multi-Device support functionality in UCAN region.
 - **Spring services , JavaScript , Liferay server , Sql scripts , AWS , Oracle DB** .
- **Clinic Management Portal** (April 2021 – Oct 2021)
 - It is a clinic portal where patients and clinicians handled by clinic admin.
 - Diagnose of patients under clinician guidelines and reports were generated in regular interval.
 - Worked fully in implementation of frontend and backend.
 - **React JS , Spring services , REST APIs , Hibernate ORM , Oracle DB** .
- **CRIB4u - Property Management System , L J Hooker** (Jan 2021 – Feb 2021)
 - Selling , Buying and Renting of properties.
 - Online Client meetings , maintenance and inspection of properties via mobile app.
 - Worked in building mobile app , inspection functionality .
 - **Spring services , React Native , REST APIs , JavaScript , MongoDB**.
- **Azure Chatbot - Embedded Widget** (Aug 2020 – Dec 2020)
 - Chat widget embedded on a website, instant replies using confident score.
 - Integration of Gmail and Facebook channels where clients can directly connect to the chatbot.
 - **Bot Framework Composer , Azure Cloud , LUIS API , Knowledge base** .

INTEREST AND ACHIEVEMENTS

- **AWS Cloud Certified Practitioner ([AWS03198732](#))**.
- Problem solving – Codeforces , Hackerrank , Geeksforgeeks . (**1000+ questions solved**) .
- 3 times selected for KVS National Chess Meet – Hyderabad , New Delhi , Bangalore .
